This action emails an external link to view the documents within the folder or sub-divider you share. You do not need to reshare the folder or sub-divider when documents are deleted or added.

1. Under the Actions column, click the Share Documents button next to the folder.
2. In the pop-up window that appears, enter the Email(s) you want to share the folder to.
  - If you would like to share only one sub-divider in the folder, select the Sub-Divider, otherwise do not select a Sub-Divider.
  - If you would like the documents to be editable, check the box for Editable Link.
3. Enter the End Date.
4. Click the Share button.

This action allows you to move a folder from one cabinet to another.

1. Under the Actions column, click the Move Folder button next to the folder.
2. In the pop-up window that appears, start by selecting the cabinet you want to move the folder to.
  - If you need to add a new folder in the cabinet you selected, click the blue + next to the Cabinet field, then enter the folder information and click the blue Create Folder button. You will then see the new folder selected in the Folder field.

- If you are merging the folder to an existing folder in the cabinet, select the folder in the Folder field.
- 3. Select the sub-divider in the Sub-Divider field, unless you need to add a new one. To add a new sub-divider, click the blue + next to the Sub-Divider field to add a new one to the selected cabinet.
- If you want to delete the original folder after you submit, check the Delete Folder box.
- 4. When you are ready, click the blue Submit button.

This action allows you to send one of your external forms.

1. Under the Actions column, click the Send Custom Form button.
2. In the pop-up window that appears, start by selecting the Form.

3. Select the Sub-Divider and Doc Type you want the submitted form filed to within that folder.
4. Enter the Doc Name you want assigned to the submitted form.
  - You have the option of entering a Start Date and End Date if you wish.
  - You have the option of having the submitted form sent to SmartScan Native to be auto-filed using your Native Distribution Rules. This is instead of having the submitted form filed back to the same folder.
  - You have the option of entering in Ext Email(s) you want to send the form to.
  - You have the option of Generating the external link to the form, if you wish to add the link somewhere online or send the link through a source outside of PinPoint.
  - You have the option of using the Folder Email assigned to the folder you selected, as well.
