

Supervisor Workflows

If you have been assigned as a supervisor of a workflow, you will be able to monitor the progress of the workflow and reassign tasks if needed. As the supervisor, you can also add comments that the assigned users will see, as well.

From the menu on the left-side of the screen, Workflows > Supervisor Workflow.

Here, you can filter by Workflow, Workflow Task, Cabinet, Folder, Sub-Divider, Doc Type, Doc Name, Doc Date, Document Content, Document Metadata, and Assigned To.
